### WAYS TO INCREASE THE IMPACT OF THE CONFERENCE EXPERIENCE!

**Travel Together** - Meet at the church or at a strategic location and begin the day together.

**Eat Lunch Together** - Gather men at a specific location. Consider a tailgate! This is a great time to discuss the morning seminars.

**Worship Together** - The sanctuary at an ISI Conference opens at 8:15 AM so position your men together.

**Stay The Entire Day** - The conference ends at 4:55 PM. Often the closing message is the highlight of the conference.

### WHO SHOULD ATTEND?

- **Emerging Men** (ages 13-19)  
These are the men who are aggressively moving from living as a boy to living as a man. Give them room to grow.
- **Pioneering Men** (ages 20-29)  
These are the men who are carving out their place in life. What to do? Where to do it? Who to do it with?
- **Full Throttle Men** (ages 30-55)  
These are the men who are the producers and providers. They are warriors and are fully engaged in everything they do.
- **Seasoned Men** (ages 55+)  
These are the men who have "been there" and "done that"- and have lived to tell about it. They are a living legacy.
